

Central Hockey Privacy Policy

Summary:

This document acknowledges that the Central Hockey Club will apply the Hockey ACT Privacy Policy.

1. In March 2023 ACT hockey clubs were advised that the Hockey ACT Board had adopted the Hockey Australia [Privacy Policy](#). The policy was developed to apply to all Australian hockey organisations including regional associations and affiliated clubs.
2. The same policy document is available from the Hockey ACT website under Constitution – Policies <https://www.hockeyact.org.au/about/publications/>.
3. The Central Hockey Club will apply the Hockey Australia / Hockey ACT Privacy Policy to the way it collects, holds and uses personal information of members.
4. RevolutioniseSport is the main tool for obtaining and storing personal information from Central's members. Access to the Central RevolutioniseSport repository is limited to specific members who are allocated a specific role(s).
5. When it is necessary to extract information from RevolutioniseSport, this information will be managed on a need-to-know basis. Central will progressively adopt a safe method for storing and (appropriately) sharing personal information (eg Sharepoint) to limit the exchange and storage of information in an individual's own holdings.
